### Making the Plan Work

#### A. Leadership
- **Mission, Vision & Values**
  - **Reference Points**: What needs, aspirations, and values does the plan support or advance?

#### B. Communication
- **Stakeholder Perspectives**
  - **Active Consideration**: Whose opinion matters to us, why, and what do they expect or need?

#### C. Assessment
- **Environmental Scan & Benchmarking**
  - **Taking Account**: What are the relevant strengths, areas for improvement, and comparison data?

#### D. Culture
- **Themes/Goals**
  - **The Big Ideas**: What we need to do to fulfill the aspirations of the plan?

#### E. Follow-Through
- **Strategies, Priorities, & Action Plans**
  - **The Work**: How will we achieve our goals, and who does what when?

- **Plan Creation & Implementation**
  - **Documenting, Implementing, & Tracking Progress**: How will we pull the pieces together to realize desired results, measure success, and ensure buy-in and support?

- **Outcomes & Achievements**
